# ENVIROFRESH

## BIODEGRADABLE CLEANER & DISINFECTANT

ENVIROFRESH is a completely and rapidly biodegradable cleaner and disinfectant. ENVIROFRESH contains naturally derived solvent, blended vegetable oil surfactants and phosphate free water conditioners and dispersants. ENVIROFRESH is very concentrated and provides rapid penetration and removal of soiling on any washable surfaces. ENVIROFRESH is seawater compatible and is very good for marine applications.

Remove grease & oil from	bitumen	1:20	Walls	Light	1:60
	concrete	1:10		Medium	1:40

	spots	1:30	Metal degreasing	Heavy	1:20
Chrome, steel, aluminium	Through machine	1:50	Glass cleaner	Light	1:40
	Daily	1:30		Spray/wipe	1:100
Floors & upholstery	Spot Cleaning	1:60	Hulls & decks	1:20	
			Bilges oil/grease	1:10	
Water blasting/Steam cleaning			Showers & baths	Spray/wipe	1:30

**PRECAUTION:**  
**INSTRUCTIONS FOR USE:**

Store away from foodstuffs. Wear rubber/PVC gloves and safety glasses when using product. Dilute accordingly and spray, brush or soak. Allow to sit for 1-2 minutes then rinse or wipe off. Before using strong concentrations test fabrics and carpets for colour fastness and for any effect on old paint work. We recommend wearing gloves.

**FIRST AID:**

**Digestion:** Drink water or milk, DO NOT induce vomiting and obtain medical attention

**Inhalation:** Move to fresh air

**Eyes:** Flush with water for 15 minutes; obtain medical attention if irritation persists

**Skin:** Flush with water, remove contaminated clothing

**SPILLAGE:**

Small spills—flush with water

Large spills—contain and absorb with inert material and place in drums for disposal in accordance with local regulations
